WINTER LOCKDOWN - HERE WE GO AGAIN!

## AFTER WORK

**DNA** - If you were a fan of *The Bridge* then this is your new Scandi Noir drama. Five years after his daughter goes missing, a detective discovers a fatal flaw in the dna database used to find her.

**BBC IPLAYER**

**SCHITT\$ CREEK** - Believe the hype, this show is so funny. A filthy rich family who lose it all. Astute and well acted. **NETFLIX**

## DATE NIGHT

**A QUIET PLACE**- Clever psychological thriller/horror - don't make a sound. **CHANNEL 4/4OD**

**1917** - It's nearly Remembrance Sunday and this is a fitting tribute - brings the horror of war to life in colour. Sobering stuff. **AMAZON PRIME**

## IRON & WATCH

**THE FAMILY**- A son of a local politician goes missing and then a decade later returns. It feels predictable but something to have on to iron to. **SKY/NOW TV**

**GET ORGANISED w/ THE HOME EDIT**- Here we go again with lockdown and so maybe this time we might start to organise, or maybe not...an easy watch!**NETFLIX**

## WINE & CUT THE CHAT/HOW HAVE I NOT SEEN THIS?

**PARASITE** - Films win Oscars and you think ok, it wasn't bad, but award winning - not sure. Parasite deserved all the awards and more, it is perfection - acting, story, cinematography. Honestly, one of the best films I have ever watched. Who is the parasite - the rich or poor family? Just watch it. **AMAZON PRIME**

### TRUE LIFE CRIME DRAMA

**THE OUTCRY** - What on earth is it with the American justice system?! This is a 5 part docu series that follows a small town football high school star who was convicted of sexual assault of a 4 year old. Just unbelievable what happened and how lazy and useless the police are in this case. A must see.

## KIDS CORNER

**HIS DARK MATERIALS (12)** - Season 2 starts on 8 November so watch the original now so you're ready for Lyra's next adventure. [BBC IPLAYER](#)

**ENOLA HOLMES (12)** - The little sister of Sherlock Holmes whose mother goes missing and she goes on a great big adventure. Fun with a great cast. [NETFLIX](#)

**FANTASTIC MR FOX** - Foxy fun with the main character's voiced by George Clooney. [SKY CINEMA](#)

## DUVET DAY

**THE HOOK UP PLAN** - The third season starts on 6 November so catch up now. A super fun premise: friends decide to set up their single friend with a male escort. [NETFLIX](#)

**THE UNDOING**- Hugh Grant & Nicole Kidman in this psychological thriller which is basically Big Little Lies set in NYC. Rich people with rich people's problems although all is not what it seems. Ok. [SKY/NOW TV](#)

## JUST WANT TO WATCH SOMETHING GOOD

**OUR LITTLE SISTER** - This is a simple family drama with depth. Three sisters learn of their half sister existence at their father's funeral. Simple but good storytelling and sometimes that is all you want to watch. [BBC IPLAYER](#)

**SECRETS OF THE SAQQARA TOMB** - The best preserved ancient Egyptian tomb ever found. This is a great feature length documentary. [NETFLIX](#)

**TIME** - Just shown at the London Film Festival 2020 and gives an intimate portrayal of mass incarceration in the USA through the eyes of one mother trying to raise her kids whilst fighting for the release of her husband sentenced to 60 years. Winner of Sundance Jury Prize. [AMAZON PRIME](#)

**CALM WITH HORSES** - This is not a violent film but the marketing would make you think that. This is about having to make tough choices and survive. It's an outstanding Irish film. Don't let the Netflix marketing fool you! [NETFLIX](#)

**MCQUEEN** - I didn't really understand the point of catwalk shows until this documentary. What a portrait of a legend. It gets under the skin of Alexander McQueen. Get those tissues ready! [NOW TV/SKY DOCUMENTARIES](#)

**INDIANA JONES & THE LAST CRUSADE** - You know the drill, Indy is off again and with his father played by the late, great Sean Connery. [SKY CINEMA](#)

**LOVING** - Love conquers all. This film by Jeff Nichols, tells the quietly powerful and true story Richard and Mildred Loving. They just wanted to be free to love and live as husband and wife but as an interracial couple in the segregated Deep South that wasn't possible. [BBC IPLAYER](#)
