

EARS & EYEBALLS

WINTER LOCKDOWN 2.0 - FIREWORKS & PRESIDENTS

AFTER WORK

DEIDRA & LANEY ROB A TRAIN - With their mother in prison, two sisters decide to rob a train in order to pay the bills. It's not cliched at all. Fun & under 90 mins!! **NETFLIX**

THE NIGHT OF - Riz Ahmed stars as a man who after a night of partying wakes up next to a dead body. Gripping & excellent. **NOW TV/SKY**

DATE NIGHT

WHITE BOY RICK - This is a crazy but true story of a young boy who is a FBI informant who gets sentenced to life in prison.

NETFLIX

LAWLESS - All star cast (Tom Hardy, Jessica Chastain, Gary Oldman) in this prohibition based drama of three brothers selling moonshine. It's smart and gripping drama. **NETFLIX**

IRON & WATCH

AVENUE 5 - Brand new and I can't decided if this is genius or not. Hugh Laurie is captain of a space ship and his boss is useless but thinks he's a genius. Social satire clearly inspired by the Trump years. **SKY/NOW TV**

9-1-1 LONESTAR - Rob Lowe as a fire captain saving people. It follows a formula and makes good background tv! **SKY/NOW TV**

WINE & CUT THE CHAT/HOW HAVE I NOT SEEN THIS?

MY PURE LAND - A contemporary, Pakistani female western. It takes all the essential elements of the western genre and applies it to this story inspired by real events. A widow and her two daughters are under siege in their own house trying to fend off bandits who want to steal their land. It captivated me from start to finish. **CHANNEL 4/4OD**

TRUE LIFE CRIME DRAMA

YOU'VE BEEN TRUMPED - This is the documentary that President Trump blocked from having a cinematic release with law suits. It shows Trump the developer and the impact his golf course had on the local population in Scotland. The Scottish council should be ashamed too. Free on youtube!

KIDS CORNER

HIS DARK MATERIALS (12) -
Season 2 starts on 8
November!!

THE WIZARD OF OZ -
Sometimes we just need to be
reminded to follow the yellow
brick road and sing over the
rainbow. The classic with Judy
Garland is on [SKY CINEMA](#)

BABE - He may be a pig but he
wants to be a sheepdog! Classic
children's book turned into a
wonderful film. [SKY CINEMA](#)

DUVET DAY

LEGALLY BLONDE 1 & 2- "Bend and Snap",
this is perfect duvet day viewing. Elle
Woods gets dumped by her boyfriend and
decides to prove herself. It's fun. [AMAZON
PRIME](#)

FRIENDS FROM COLLEGE - A glossy look
at the lives of college friends now that they
are in their 30s. It's predictable but a
pleasing, easy watch. [NETFLIX](#)

JUST WANT TO WATCH SOMETHING GOOD

WADJDA - The darling of all the film festivals when it was first shown. A young Saudi Arabian girl enters a competition in order to win a bike. She's a girl in a society where girls don't matter. It sounds simple but this has so much depth. You'll be thinking about this for days afterwards. [NETFLIX](#)

THE FINAL YEAR - a documentary about the final year of the Obama administration, This is a challenging documentary because it feels as if it is worshipping the subject rather than giving a fully rounded view of him. [NETFLIX](#)

GOOD TIME - I saw this at Cannes 2017 and it made me see that Robert Pattison can actually act. Just watch it. [NETFLIX](#)

SKATE KITCHEN - I've included it because it is slightly different take on the coming age genre set during a NY summer skate park. [CHANNEL 4/4OD](#)

CAPTURING THE FRIEDMANS - A must see if you haven't already. The documentary original idea was to capture a upper class Jewish family, and then everything changed. Secret, lies and and a family that implodes before your eyes. WOW. [NOW TV/ SKY DOCUMENTARIES](#)

HAPPY END - Such a clever film of showing a middle class, French family who are focused. on their problems set against the refugee crisis happening a few miles away in Calais. It is so clever but to be expected from Haneke. Either you will like it or you won't. - [BBC IPLAYER](#)
