JUST WANT TO WATCH SOMETHING GOOD

THE PERSONAL HISTORY OF DAVID COPPERFIELD (PG) - This is different, you'll either love it or hate it. I think it is worth a watch. What's more important the story or the colour of the actors? I personally love a period drama! [AMAZON PRIME](#)

THE CHILDREN'S ACT - A judge has to decide if a child should get a blood transfusion even though the parents oppose it based on their religious beliefs. Emma Thompson leads this all star cast. [BBC IPLAYER](#)

THE LIFE AHEAD - What a treat to see Sophia Loren on screen again. An aging prostitute takes in an orphaned, refugee but it's so much more than that. The performances are so good.

[NETFLIX](#)

PERFECT 10- A pocket rocket of a British film about a young girl's life that gets disrupted when she finds out she has a half brother. An intelligent coming of age film. [BBC IPLAYER](#)

DERRY GIRLS- You wouldn't think this could be funny but it is. A group of teenage girls coming of age during the Troubles in Derry. [CHANNEL 4/4OD](#)

THE POST - Steven Spielberg directs Tom Hanks and Meryl Streep in this drama set during the Watergate era in 1970s about how the Washington Post broke the scandal. A timely reminder of the importance of the press. [CHANNEL 4/4OD](#)
